Capo II

am **G** **am**
with all the clarity of dream
C **am G** **am**
the sky so blue, the grass so green
 G **am**
the rank and file and the navy blue
dm **G** **am**
the deep and strong, the straight and true

the blue line they got the given sign
the belts and boots marched forward in time
the wood and leather the club and shield
swept like a wave across the battlefield

now with all the clarity of dream
the blood so red, the grass so green
the gleam of spur on chestnut flame
the cavalry did burst upon the ranks

am **G** **am**
oh the iron will and the iron hand
C **am G** **am**
in Englands green and pleasant land
 G **am**
no music for the shameful scene
dm **G** **am**
that night they said it had even shocked the queen

well alas we've seen it all before
knights in armour, days of yore
the same old fears and the same old crimes
we haven't changed since ancient times
